
CSEPP Planning and Integration Opening Plenary Session

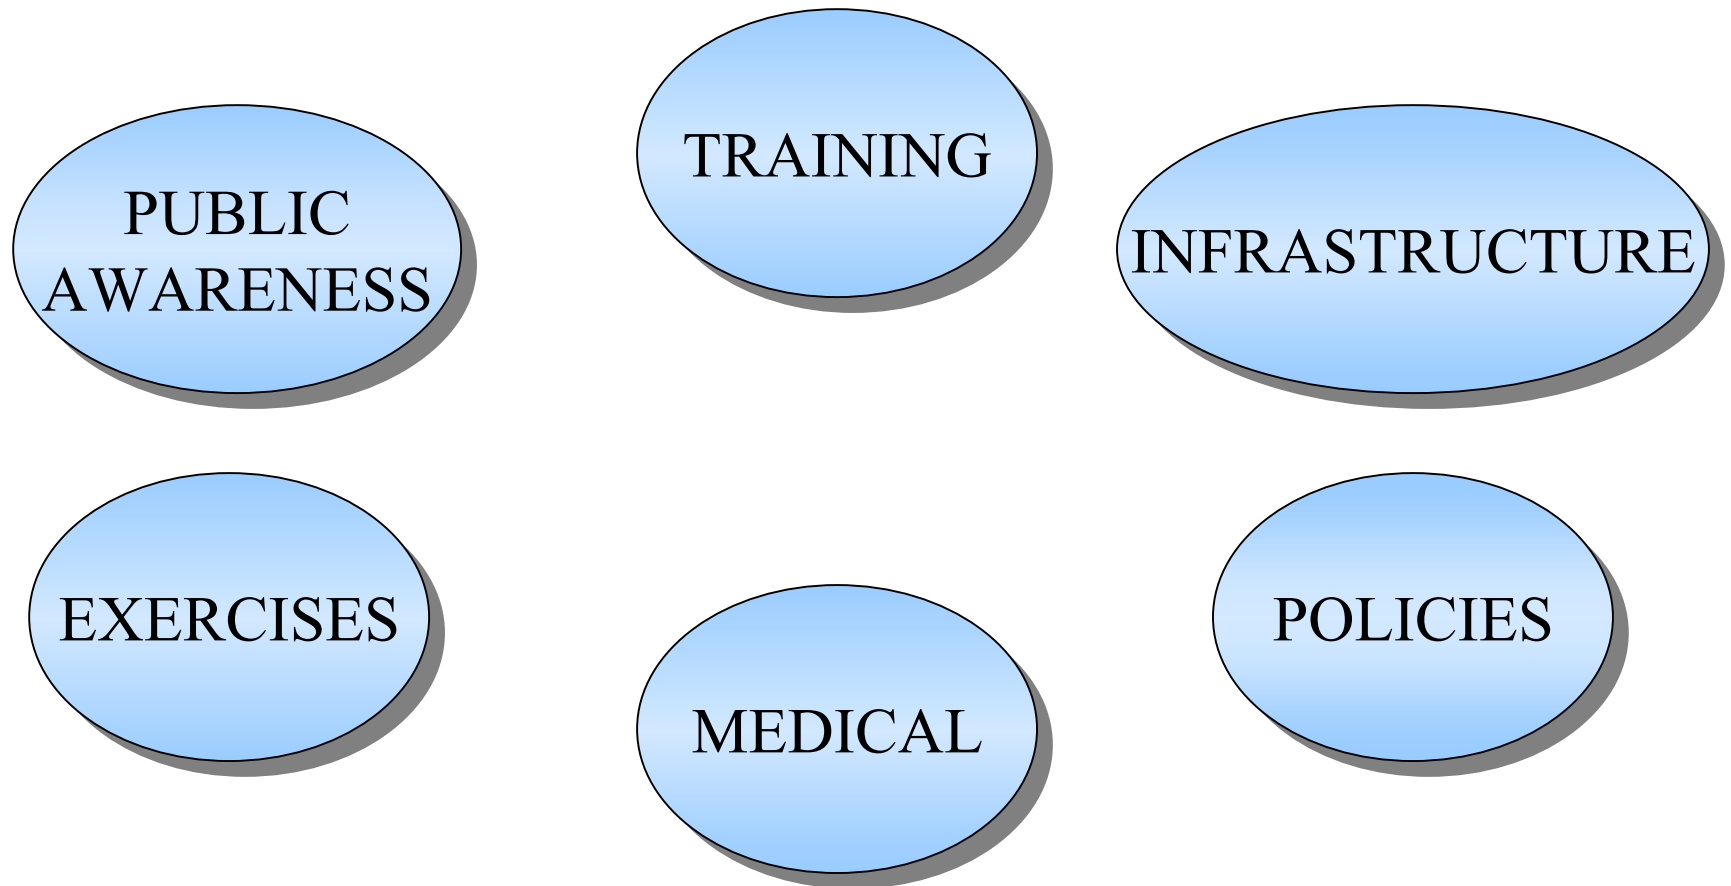

Joe Herring, FEMA HQ

Dennis Legel, SBCCOM

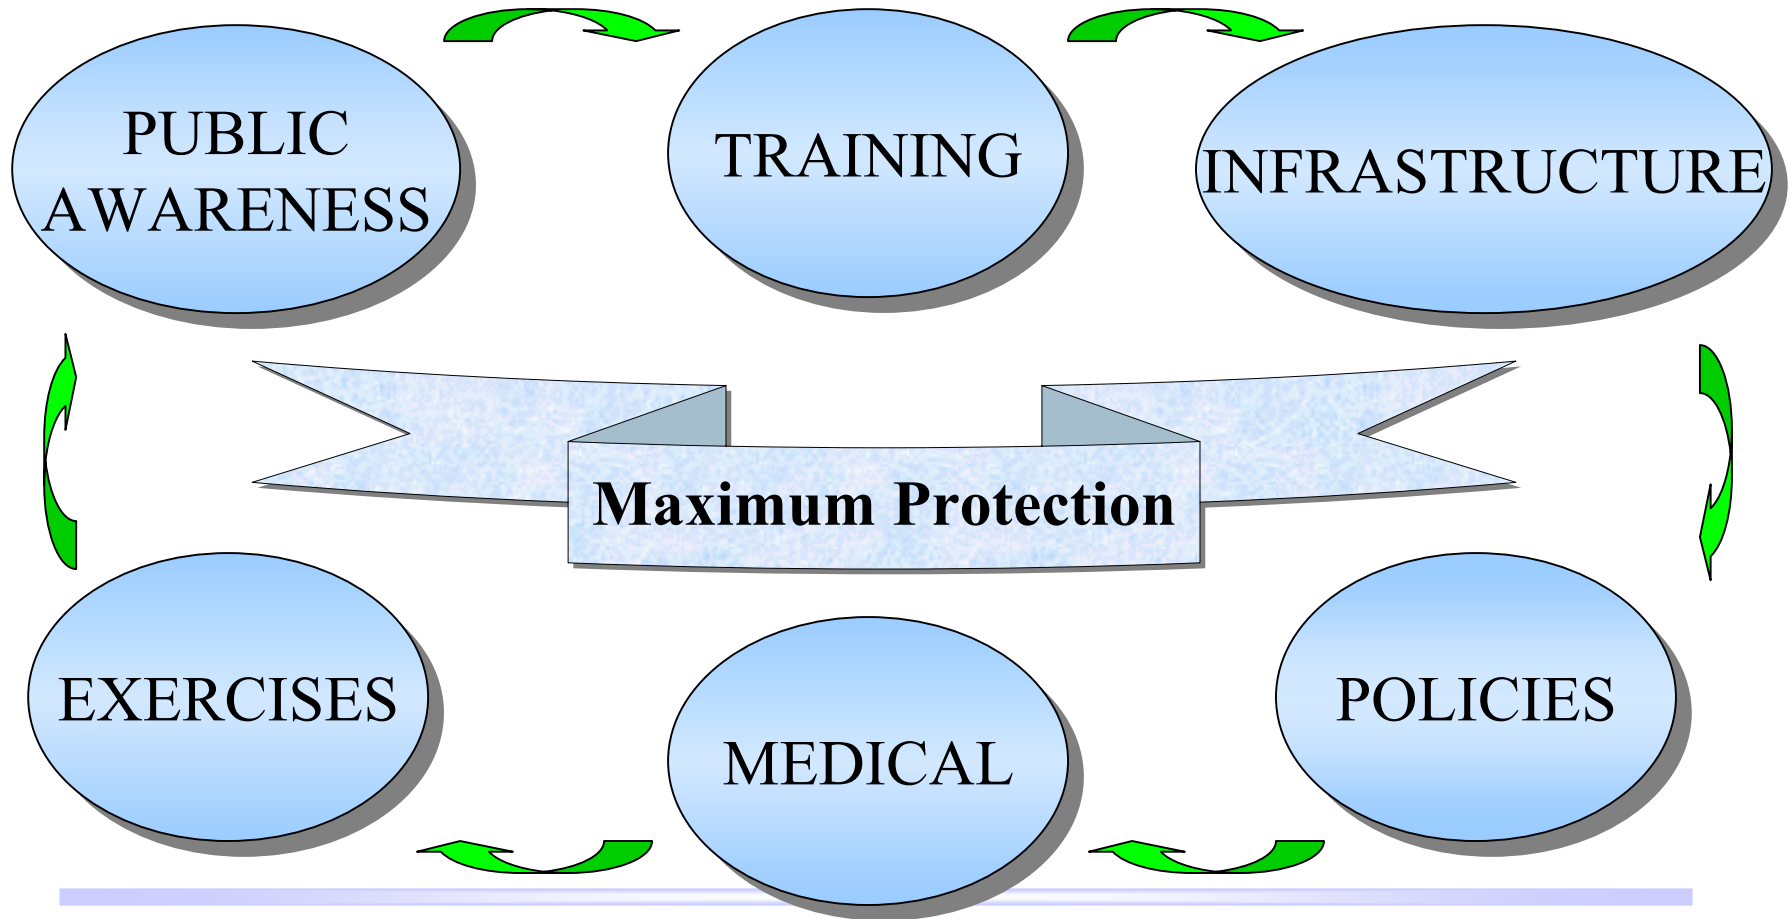

2001 CSEPP NATIONAL CONFERENCE

CSEPP Is A “System Of Systems”

Planning Is the Thread That Ties Them Together

Recent Planning & Integration Initiatives

- Planning Sessions at 2000 National Conference
 - Identified 33 Unresolved Planning Issues
 - Became the basis for the Agenda of the November 2000 Planning Conference held in Dallas, Texas
- Dallas Planning Conference
 - Attended by 69 planners and program managers from FEMA, Army, state & local
 - Ended with prioritization of 41 unresolved planning issues and formation of Planning Work Groups

Priority Issues from Dallas Conference

- 1 Evacuation vs. sheltering
 - 2 How should an all-clear be sounded for people sheltered in-place?
 - 3 Policy for egress from shelter-in-place
 - T-4** Conduct planning research and post it on a CSEPP website so that it can be shared among all sites
 - T-4** Lack of coordination and integration of plans
 - 6 Re-entry and recovery
 - 7 Monitoring vs. modeling to identify restricted areas
 - 8 Better define non-surety events and establish criteria for notification
 - 9 Sharing forms (notification, etc.), MOAs, plans, ideas
 - T-10** Extraction (What is required to declare an area clear?)
 - T-10** Handling of people after leaving shelter (decon,transport)
-

Top-10 Issues Led to 4 Workgroups

- A **Shelter-in-Place Work Group** was formed to address the following planning issues:
 - 1: Evacuation versus sheltering
 - 2: How an all-clear should be sounded for people sheltered in-place
 - 3: Policy for egress from shelter-in-place
 - T-10: Handling of people after they leave shelter-in-place (decontamination, transportation, etc.)
- Chairperson: Marianne Rutishauser, Tooele County Emergency Management

Top-10 Issues Led to 4 Workgroups

- A **Plan Coordination/Integration Work Group** was formed to address the following issues:
 - T-4: Lack of coordination and integration of plans
 - 8: Better define non-surety events and establish criteria for notification
 - This group soon merged with the **Planning Performance Measurement Work Group** to address the following issues:
 - Define what constitutes a “completed” plan for key planning areas.
 - Define how to determine that a plan has been “coordinated” for a key planning area.
 - Doug Becvar of FEMA Region VIII and Joe Herring of FEMA HQ are Co-Chairs
-

Top-10 Issues Led to 4 Workgroups

- A **Planning Website Work Group** to address the following issues:
 - T-4: Conduct and post planning research on a CSEPP website so that it can be shared among all sites
 - 9: Share forms (notification, etc.), MOAs, plans, ideas
- Joe Herring of FEMA Headquarters is the Chair

Top-10 Issues Led to 4 Workgroups

- A **Re-Entry/Recovery Work Group** to address the following issues:
 - 6: Re-entry and restoration
 - 7: Monitoring vs. modeling to identify restricted areas
 - T-10: Extraction—What is required to declare an area clear?
- Steve Douglas of Pueblo County Emergency Management is the Chair.

Where Are We?

- All 4 Work Groups Reported Progress at Tuesday's Planning Pre-conference Meeting
- Shelter-in-Place Work Group
 - When is Shelter in Place Appropriate?
 - How and when to terminate Shelter-in-Place
 - Handling people after Shelter-in-Place
- Reentry and Recovery Work Group
 - Finalize 1994 draft Reentry & Recovery Plan
 - Integrate Incident Command System into R&R planning
 - Monitoring vs. Modeling - when to use what tool

Where Are We?

- Coordinated Plans Work Group
 - Defining “complete” and “coordinated” plans for Planning Performance Measure (CP-1)
 - Using Local Capability Assessment for Readiness as tool
- Planning Website Work Group
 - Website is in maintenance mode
 - Medical section still being developed
 - www.csepp-planners.net

Planning Breakout Sessions

- Wednesday
 - 1:00 - 2:30 Performance Measures
 - Planning Performance Measures/Planners Website
 - 3:00 - 4:30 Planning Integration
 - Shelter-in-Place/Reentry/Recovery
- Thursday
 - 8:00 - 9:30 Performance Measures
 - Planning Performance Measures/Planners Website
 - 9:45 - 11:15 Planning Integration
 - Shelter-in-Place/Reentry/Recovery

What Happens Next?

- Yesterday, Work Group products were presented to the Planning Community for comment & endorsement
 - Work Group products will be presented to the overall CSEPP Community over the next 2 days
 - The Planning Community also discussed content and format for the December 2001 Planning Conference
 - Work Groups will continue to work assigned issues based on input received today and tomorrow
-

Future Initiatives

- December 4-6, 2001 CSEPP Planning Conference, Perdido Beach Resort, Alabama
- Open to ALL CSEPP Planners and Program Managers
- State and local participation needed - mark your calendars!
